Work Experience

Software Engineer | Contract at Nike, Portland, OR. Feb '21 – Present

- Rebuilding an internal tool utilizing React, GraphQL, Node, PostgreSQL and AWS.
- Collaborating on UX and design with product team, working to improve the product without a dedicated designer.
- Designed and created a full-stack component to aide in customer service relationship building and Nike storytelling.

Associate Software Engineer | Zapproved, Portland, OR.
October '19 – Feb '21

- Member of a full stack agile team developing a complex analytical SaaS platform for legal teams.
- Involved in every stage of development from grooming and planning to development, QA and deployment.
- On support rotation, utilizing the AWS platform to resolve platform and customer issues.

Instructor | Coding with Kids, Portland, OR. June '19 – Present

- Teaching programs such as Scratch and Web Dev for Kids to elementary school children in weekly camps.
